Many additional fees for e.g. additional addresses, heavy packages, change of address, some handling fee etc have not been accounted for in the sample monthly fee.
US Global Mail DOES NOT charge these but many competitors do.

*With a Typical Sample Account: 3 Family Members on account. Receiving 30 mail pieces + 5 packages/month. 2 consolidations/ month for package shipping.
1 check deposited and mail forwarded twice each week.

Assumptions:

USA2Me: With consolidation, nominal assumption of \$50 in savings when 2-3 pckgs shipped together vs. independently. You would get only \$25 in savings; the company would keep the other \$25.

Shipito: Monthly shipping spend of \$500 on average/customer, for 4% bank fees.

Set up fees added to cost.

Notes:

Consolidation is referred to packing several items in one box to save on shipping costs.

"-" means we don't know if these fees exist. They are not clearly listed by the service provider

If a feature is not listed here, it is likely that all providers offer the same feature at a comparable cost
